PROCEDURE FOR REQUESTING ACCESS TO RECORDS

Requests for access to records held by a d6 Group entity must be made on the request forms that are prescribed by the Act and are available from the Information Regulator's website (www.inforegulator.org.za).

For the convenience of a requester, a copy of the **Form 2: Request For Access To Record [Regulation 7]** is enclosed with this manual as **Annexure "A"**.

For instructions on your rights as a Data Subject under POPIA to participate in the processing of your own personal information, please refer to the d6 Privacy Notice.

The requester must provide sufficient detail on the request form to enable the Information Officer to identify the record and the requester. Not using the correct prescribed form could cause the request to be refused (if sufficient information or otherwise is not provided) or delayed. Proof of identity must be provided acceptable to the Information Officer.

Requests for access to records must be made to the Information Officer at the physical address, fax number or electronic mail address provided for above. Personal information related requests must be directed to privacy@d6.co.za

The requester should also indicate which form of access is required and indicate if the requester wishes to be informed in any other manner and state the necessary particulars to be so informed.

The Act provides that a requester is only entitled to access to a record, if the record is required for the exercise of a right. Only requests for access to a record, where the requester has satisfied the Information Officer that the record is required to exercise a right, will be considered. The requester must accordingly identify the right that the requester is seeking to exercise or protect and provide an explanation of why the requested record is required for the exercise or protection of that right.

If the request is made on behalf of a person, the requester must then submit proof of the capacity in which the requester is making the request to the satisfaction of the Information Officer.

All requests to any d6 Group entity will be evaluated and considered in accordance with the Act.
